

If I Need to Go In

A go-bag checklist for the ER or a hospital stay

UNDERSTAND IT

If you ever need the ER or a hospital stay, you won't have to think about what to bring. Pack a bag now, or keep this list somewhere easy to find. Every hospital has its own rules, so staff may hold some items for you until you leave.

WHAT TO BRING

- | | |
|---|---|
| ☐ ID and insurance card | ☐ Medications, doses, and allergies list |
| ☐ Phone numbers written on paper | ☐ Comfortable clothes with no strings |
| ☐ Slip-on shoes | ☐ Glasses, contacts, or hearing aids |
| ☐ A book or journal | ☐ A copy of my safety plan |

Your phone may be held, so write important numbers down.

LEAVE AT HOME

- | | |
|---|--|
| ☐ Valuables and jewelry | ☐ Large amounts of cash |
| ☐ Belts, cords, and chargers | ☐ Sharp items |
